I aim to develop a strong foundation in software development and emerging technologies while seeking opportunities to collaborate with diverse teams and learn from there expertise

---

Creating what I believe using technology, programming, hardware and software development is my passion and a driving factor for me to choose Computer Engineering as a career

After completing my computer degree, I am enthusiastic about leveraging my acquired skills in software development to embark on a technical innovative career path.

Additionally, I am eager to pursue further education or certifications that complement my expertise and align with the dynamic advancements in technology. Ultimately, my goal is to contribute meaningfully to the ever-evolving landscape of computer engineering.

EDUCATION

Year of Passing	Degree	Institute	%/SGPA
2020	High School	St. Xavier's High School	97.4%
2022	Intermediate	St. Xavier's High School	95%
2026	Computer Engineering(B.E.)	Army Institute of Technology	-

ACADEMIC PROJECTS

a. Saathi: A web app dedicated to detect skin diseases in humans, Spring 2023

b. **AcadMix: A website dedicated to college students who face problems in Academic and Technical knowledge due to lack of guidance and quality resources, Winter 2022**

c. **Jobby: A react-native based mobile application for finding jobs in the market, Spring 2023**

LEADERSHIP EXPERIENCE

a. Web-Development Facilitator, Google DSC (Army Institute of Technology), Summer 2022-present

b. Member, Public Relation Cell (Army Institute of Technology), Spring 2022-Autumn 2022

c. Member, Fine Arts (Army Institute of Technology), Spring 2022-Autumn 2022

HONORS AND ACHIEVEMENTS

a. Alumni Meet Coordinator (Summer 2022)
- Actively participated in organizing an alumni meet, overseeing logistics and participant engagement.
- Successfully mediated and resolved disputes among members during overheated discussions over time delay of logistics, employing strong interpersonal skills
- Collaborated with a team to ensure a seamless event, managing diverse opinions and needs to foster a positive atmosphere conducive to networking and relationship building.

b. Hacktoberfest Event Manager (Autumn 2023)
- Led a multidisciplinary team in the comprehensive planning, organization and execution of the event, uniting all attendees from diverse backgrounds and skill levels.

- Strategically managed event logistics, including venue selection, budgeting, resource allocation and coordination with external speakers and sponsors, ensuring seamless operations throughout event.

c. Grants & Scholarships
- 50% waiver in Academic fee in Intermediate for scoring above 95% in the overall fee
- ESSA scholarship 2022-23

SKILLS AND CERTIFICATIONS

a. Languages: C++, Javascript, Python

b. Technology: React Js, Node Js, MongodB, Firebase, MYSQL

c. Platforms: GitHub, Netlify

PERSONAL SUMMARY

I believe that my confidence and my effervescent personality are my greatest strengths. **I am certain that anything can be achieved with endeavor and commitment. My ability and desire to learn new technologies is my biggest virtue.**

HOBBIES AND INTERESTS

I enjoy creating polymer clay miniature models . Travelling and meeting people from different cultures across the globe is something I adore. I also enjoy reading, writing poems and short stories, and cooking.
